Completeness of the Planning Policy

The table (starting from the next page) shows the completeness of the Planning Policy. For each possible state, i.e. each combination of the Power level (1: Critical Power, 2: Low Power and 3: Normal Power), **H**eight level (1: Ground Height, 2: Inspection Height, 3: Fly Height and 4: Restricted Height), **L**ocation (1: Home, 2: Inspection To Do, 3: Other), **C**lose to Restricted Area (0: False, 1: True) and **A**ll pictures taken (0: False, 1: True), the table indicates for each rule (1 through 24) whether or not the rule is activated.

The rules are numbered from top to bottom as they occur in the policy. Note, as the last column denotes, that for each possible state exactly **one** rule is activated.
